

ALLERGEN STATEMENT

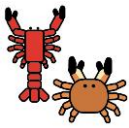

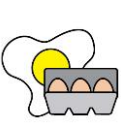

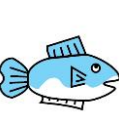

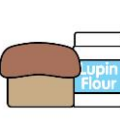

At the Hook of Halstead, we want to make sure everyone can enjoy their dining experience with us. The following allergen information is based on supplier ingredients and our own practices and procedures.

We take great care to prevent cross-contamination when preparing your order in our kitchens. However, due to the layout and operation of our kitchens we do not have specific allergen free zones and it is therefore not possible to fully guarantee separation of allergens.

For customers with serious allergies, who may react to a trace of an allergen, it is important to recognise that even with our high level of control, there may still be traces of allergens present in the food. Customers with serious or life-threatening allergies are therefore asked to consider the suitability of our menu.

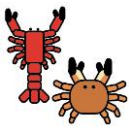

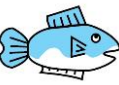

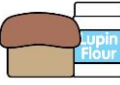

If you require additional allergen information, please call us on 01787 827230.
